What is a 4-H Club?

A 4-H club is an organized learning community that meets regularly with adult volunteers or staff for a long-term, progressive series of educational experiences. The 4-H club experience has at its core positive youth development experiential learning opportunities, in partnership with caring adults, that assist young people in becoming competent, caring, contributing, confident, connected, and capable. 4-H clubs are designed to be vibrant and sustainable learning communities that coalesce around one or more commonalities of interest, geography, age, or any other appropriate criteria; and with a primary function of group and individual learning centered on shared goals.
