ACCOMODATING YOUTH WITH SPECIAL NEEDS

Youth with special needs may require help in order to be fully included in the variety of programs available. Individuals who need modifications should contact the Marion County Extension Office at least two weeks prior to the fair. A plan will be developed to meet the needs of the individual.

GENERAL RULES

- 1. All exhibitors are responsible for reading and understanding fair department rules before making entries.**
- Exhibitors should wear appropriate dress while in the show ring. This consists of a blouse or T-shirt (those having a 4-H or FFA emblem are encouraged), dark blue jeans, and protective footwear (no sandals or sneakers). Horse and Dairy Show attire is listed with those departments.
- All exhibitors are expected to be cooperative, courteous, and good 4-H representatives, both in the ring and in the barns. They are also expected to treat their animals in a humane manner. Any action to the contrary may result in the disqualification of the exhibitor, exhibit, prizes, premiums, and/or participation in the event.
- 4. All exhibit entries must be made with the Extension Service through FairEntry by 4:00 p.m. July 1.**
- Any situation relative to 4-H Club and FFA exhibits not covered in the rules or in case of conflict or misunderstanding, final authority for interpretation rests with a board made up of a member of the fair committee, member of the county extension youth committee, one FFA advisor, one county extension staff member, and a superintendent of the division in which the dispute arises.
- All Marion County 4-H and FFA members who have completed grades 4-12 are eligible to exhibit providing member cared for project a majority of the time. A member becomes ineligible to exhibit upon

completion of the calendar year of high school graduation or equivalent. **Any time "grade" is stated in connection with a class, it means "last grade completed".**

7. The following statement is taken from a Statement on Relationship between Iowa State University Extension Service and Iowa Public School Vocation Agriculture Program August 28, 1968, and will apply to Marion County: "Eligible youth may be members of either or both the 4-H and FFA. Separate projects shall be planned and conducted by the members of each group. The persons supervising the work are encouraged to plan projects and programs that will supplement each other in the broad development of the individual."
Livestock may NOT be identified as both a 4-H project and an FFA project.
8. In case of sickness, an exhibitor may select a Marion County 4-H/FFA member of eligible age to show his/her exhibit. **Substitution must be approved by the superintendent.** Same applies to exhibitors called into the armed forces. All showmanship exhibitors must show their own animals.
9. During the Fair, with the exception of the dog show, cat show, pet show, and parade of champions; the only animals allowed on grounds are those that align with the ADA's service animal classification for animals specifically trained to do work or perform tasks for people with disabilities. Animals whose sole function is to provide comfort or emotional support do not qualify as service animals under the ADA and are therefore not allowed on grounds during the Fair. Dogs are allowed in the campgrounds.
10. Any artificial means of removing or remedying physical defects, color, or conformation in exhibiting animals such as lifting or filling under the skin (no false tail heads), adding hair or twine, and artificial filling/drenching will be considered as fraudulent deception. All animals giving evidence of such treatment will be barred from exhibition at the Marion County Fair. The decision of the official fair veterinarian, appointed by the Fair Board, is final.
11. Exhibitors wishing to withdraw any animal on account of sickness must have approval of licensed veterinarian approved by Fair Board.
12. No animal will be in place before 1:00 p.m. Friday, or taken from its pen/stall before the scheduled release time during fair week without receiving specific permission from the superintendent(s) beforehand. ANY EXHIBITOR NOT COMPLYING WITH THIS RULE WILL RECEIVE NO PREMIUM AND THE EXHIBITOR MAY BE INELIGIBLE TO SHOW THE FOLLOWING YEAR.
13. **ALL EXHIBITORS SHALL REVIEW FAIR PROGRAM SCHEDULE FOR ARRIVAL, CHECK-IN AND RELEASE TIMES.**
14. Any flagrant abuse of over-entries can cause forfeiting of right to show.
15. In cases where there are few entries within a class, livestock judges reserve the right to make placings in accordance with the merit of the animal or animals concerned.

16. Numbers will be issued to each exhibitor. **Number is to be worn by exhibitor** for ease of identification and uniform appearance.
17. Any concerns or complaints over a project to be exhibited should be addressed to the Marion County Extension Office by June 30.
18. Sawdust bedding is provided by the County Fair Association to all barns. Used bedding must be disposed of in designated containers prior to leaving the grounds.
19. **All fans must have protective screens and safe wiring and NOT be free-standing.**
20. **All animal unloading in the East/West facing barns must happen on the west. No vehicle access on the east side of barn**
21. **All livestock trailers must be removed from the Fairgrounds once unloaded and moved to Old Pamida**

LIVESTOCK SALE

1. All eligible market livestock (swine, beef, sheep, and meat goats) must be signed up in Extension Office BY 2:30 P.M. Monday of Fair Week. The sale will be posted and families will have 24 hours to make changes if needed. After the 24 hours, there will be no changes made. If you are not on the sale list you will NOT sell. All exhibitors are responsible for their animals' care before, during, and after the Livestock Sale until safely loaded on the buyer's truck.
2. Only market beef animals gaining at least 2 lbs./day are eligible for the sale. All swine not going to slaughter are subject to rule #6 of Health Requirements.
3. Please be helpful and cooperate with your Department Superintendents, Sale Officials, and Livestock Buyers. Sale officials may post additional requirements. As a seller of livestock, you should be prepared to bring your animals promptly to the Sale Ring, present them for auction, and return them to their pen/stall or other location designated by the superintendents.
4. **All non-sale pigs MUST be removed from the barn on Wednesday evening after 9 p.m.**
5. **If you sell your animal in the livestock sale, it is not eligible to be show at future regional shows (such as the South Central Showdown).**
6. **Sale order for 2023 is Sheep & Goats, Beef Swine.**

**2023 HEALTH REQUIREMENTS FOR
EXHIBITION OF LIVESTOCK, POULTRY,
AND BIRDS AT COUNTY 4-H/FFA FAIRS**

See additional rules in department rules

1. **ANY EVIDENCE OF WARTS, RINGWORM, FOOT ROT, PINK EYE, DRAINING ABSCESES OR ANY OTHER CONTAGIOUS OR INFECTIOUS CONDITION WILL ELIMINATE THE ANIMAL FROM THE SHOW.**
2. No individual Certificate of Veterinary Inspection will be required on Iowa origin animals or poultry exhibited at County 4-H/FFA FAIR, but the animals must be inspected when unloaded or shortly thereafter by an accredited veterinarian. All animals moving from out of state into an Iowa county 4H/FFA fair must meet Iowa Animal and Livestock Importation requirements. Each show must have an official veterinarian.
3. Quarantined animals or animals from quarantined herds cannot be exhibited.
4. **Swine:** All Swine must originate from a herd or area not under quarantine and must be individually identified. All Swine are requiring to have individual official identification. All 4-H and FFA tags bearing the US Shield are official identification tags. Swine originating outside of Iowa- All Exhibitors must present a test record and certificate of veterinary inspection that indicates that each swine has had a negative test for pseudorabies within 3- days prior to the show, regardless of the status of the herd, and show individual official identification on test report. Electronic identification will not be considered official identification for exhibition purposes.
5. Swine exhibitors at county fairs that do not require a Certificate of Veterinary Inspection, must sign and present an owner affidavit that the animals being exhibited did not originate from a quarantined herd and to the best of their

- knowledge; swine dysentery has not been in evidence in their herd for the past 12 months.
6. All swine exhibited must be accompanied by a record of a negative pseudorabies test, the test having been performed within 30 days prior to show, for swine originating from a Stage 4 or lower status county, subject to 64.35(2). No pseudorabies testing is required for swine originating from a Stage 5 county (Iowa is Stage 5).
 7. Swine returning from an exhibition to its home herd or moved to a purchaser's herd, following an exhibition or consignment sale, must be isolated and retested negative for pseudorabies not less than 30 days and not more than 60 days after reaching the swine's destination. (Code of Iowa 166D.13(2))
 8. **EXCEPTIONS:**
 - A. No testing is required for swine at an exhibition that involves only market classes, provided all swine are consigned directly to a slaughter establishment from the exhibition. The site that the swine originate from must have a current monitored status in order for the swine to be transported to the fairgrounds (statistical testing completed within the last twelve months or originate from a site in Stage III or higher area). Swine leaving the exhibition from a market class must be consigned and moved direct to a slaughtering establishment.
 - B. If counties have a split show and the breeding animals are exhibited and returned home before the market classes arrive, it will not be necessary to have a test record on the animals showing in the market classes; however, market class animals must have a current monitored status in order to be transported to the fairgrounds.
 9. **SHEEP AND GOATS** - All sexually intact sheep must have an individual Scrapie Flock of Origin identification tag. All sexually intact goats must be identified with an individual Scrapie Flock of Origin identification tag or by an official tattoo registered with USDA (to register, call 1-866-USDA-TAG; 1-866-873-2824).
 10. **POULTRY AND BIRDS** - All poultry(except doves and pigeons) exhibited must have had a negative Pullorum-Typhoid test within 90 days of public exhibition and the test must have been performed by an authorized tester.
 11. However, "Market Classes" of poultry consigned to a slaughter establishment are exempt from the Salmonella testing requirements. "Market Classes" of poultry must be separated from all other poultry by a distance of ten or more feet and/or an eight-foot high solid partition.
 12. **DOGS AND CATS** - All dogs and cats exhibited must have a current rabies vaccination certificate.
 13. **FARM DEER** - "Cervidae" means all animals belonging to the cervidae family, and "CWD susceptible cervidae" means whitetail deer, blacktail deer, mule deer, red deer, elk and moose. Cervidae may be exhibited without other testing requirements when accompanied by a Certificate of Veterinary Inspection that lists individual official identification.
 14. All Cervidae must have been part of the herd of origin for at least one year or were natural additions, or must have originated from a chronic wasting disease monitored or certified herd in which these animals have been kept for at least one year or were natural additions. Cervidae originating from a herd with a diagnosis, signs, epidemiological evidence, or area under quarantine for chronic wasting disease may not be exhibited. The following statement must appear on the Certificate of Veterinary Inspection:
 - A. CWD susceptible cervidae: "All Cervidae on this certificate originate from a chronic wasting disease

monitored or certified herd in which these animals have been kept for at least one year or were natural additions. There has been no diagnosis, signs, or epidemiological evidence of chronic wasting disease in this herd for the past year.”

15. THE DECISION OF THE OFFICIAL SHOW VETERINARIAN WILL BE FINAL.

Department 50 – Breeding Beef

Cow-Calf Rules

1. Exhibitors will display the calf birth date and the exhibitor number while showing.
2. Classes may be divided into British breed or Exotic breed and shown as two-year-old cows or as mature cows (3 years old and older). Age is based on a calendar year.
3. A minimum of four cow-calf entries are needed to divide classes.
4. **To be eligible for the prospect calf class, the calf must have been born after January 1 of the current year.**
5. Free standing fans will not be allowed. Hanging fans will only be allowed when attached to the tie rails or to supports attached to the tie rails. No fans will be allowed to blow from behind an animal regardless of attachment or location. All fans will blow on the non-show side of the animal (Left Side).
6. Any artificial means of removing or remedying physical defects, color, or conformation in exhibiting animals such as lifting or filling under the skin (no false tail heads), adding hair or twine, and artificial filling/drenching will be considered as fraudulent deception. All animals giving evidence of such treatment will be barred from exhibition at the Marion County Fair. The decision of the official fair veterinarian, appointed by the Fair Board, is final.
7. Cow-calf pairs are not eligible for Overall Breeding Heifer award.
8. Cow-calf pairs will be allowed a 10x10 fenced area in the tie-out area. Pen to be provided by exhibitor.

Breeding Heifer Rules

1. All exhibitors will check-in at the scales in the Cattle Barn (see Fair Program Schedule for time) to verify birth date and tattoos and have pedigree papers in hand. Exhibitors must be available with papers in hand to be eligible to show.
2. All Breeding Heifers (including Commercial/Crossbred heifers) must have a legible tattoo.
3. Exhibitors will display the heifer birth date and the exhibitor number while showing.
4. Crossbred heifers will show in a Commercial Class. All heifers must be identified by a legible tattoo and birthday corresponding to the Livestock Identification Form, and be born during the preceding calendar year, inclusive. Any animal unable to meet the above requirements will show in crossbred class.

5. All purebred heifers must be registered, and all breed requirements will follow the IJBBA classifications. Registration papers must be in the 4-H's name OR show a logical family relationship. Any animal unable to meet the above requirements will show in crossbred class.
6. Breeding heifer entries must be born after September 1st of two calendar years prior to current year and by December 31st of the last calendar year.
7. All heifers will be judged from the standpoint of breed characteristics: type, quality, and conformation with future usefulness as a breeding cow consideration.
8. There will be a limit of 3 heifers per exhibitor.
9. Superintendents have the discretion to combine or divide heifer classes.
10. Three registered heifers of a recognized IJBBA breed are required to add a class.
11. Free standing fans will not be allowed. Hanging fans will only be allowed when attached to the tie rails or to supports attached to the tie rails. No fans will be allowed to blow from behind an animal regardless of attachment or location. All fans will blow on the non-show side of the animal (Left Side).
12. Any artificial means of removing or remedying physical defects, color, or conformation in exhibiting animals such as lifting or filling under the skin (no false tail heads), adding hair or twine, and artificial filling/drenching will be considered as fraudulent deception. All animals giving evidence of such treatment will be barred from exhibition at the Marion County Fair. The decision of the official fair veterinarian, appointed by the Fair Board, is final.

CLUB HERDSMANSHIP

DEPARTMENT 65

Good HERDSMANSHIP helps make the Marion County Fair a success. We suggest all club members get involved and help each other keep their areas clean, orderly, and attractive. Attractive barns encourage visitors to walk through and view the livestock on display. Areas will be judged daily. All exhibits will be scored. Results will be posted in the Show Arena each evening. Following the fair, evaluation sheets will be mailed to each club. The information should help with future Herdsmanship. Herdsmanship duties are the responsibility of the exhibitors with help as needed. Exhibitors are also expected to be courteous and follow general fair rules. Good attitudes also have a bearing on the score.

Special recognition is offered to the clubs or chapters making the best showing during the full period of the Marion County Fair. A Herdsmanship **winner will be chosen in each species/barn** and also an **overall winner** (club/chapter must have exhibits in more than half of the barns to be eligible) will be named. Judging will be based on a point system which includes the following:

- | | | |
|----|--|---------|
| 1. | Cleanliness of Pens and Storage Areas | 25 pts. |
| | a. Bedding adequate, dry, clean, and in place | |
| | b. Manure hauled out and deposited in proper place | |
| | c. Animals securely tied and/or penned | |
| 2. | Appearance of Exhibits | 25 pts. |
| | a. Exhibits lined up in attractive manner | |
| | b. Hay & straw neat and orderly | |
| | c. Feed boxes, brooms, forks, scoops, etc. stored properly | |
| 3. | Stall/Pen Decorations | 25 pts. |
| | a. Decorations clearly define an exhibitor's space | |
| | b. Herdsmanship Signs from previous winners displayed | |
| | c. Stall cards readable from alley, neatly arranged, clean, and complete | |
| 4. | Exhibitor's Contribution | 25 pts. |
| | a. Exhibitor doing his/her own work | |
| | b. Friendly, polite, and courteous to others | |
| | c. Exhibitor present to oversee the general care of animals | |

Total: 100 pts.

A committee will judge the club exhibits, in each barn daily. The winners will be posted and recognition given at the annual awards ceremony. **ALL STALLS MUST BE CLEANED BY 6:00 Thursday! This includes removal of ALL decorations and stall cards.**

SHOWRING CODE OF ETHICS

As developed by the INTERNATIONAL ASSOCIATION OF
FAIRS AND EXPOSITIONS

Exhibitors of animals at livestock shows shall at all times deport themselves with honesty and good sportsmanship. Their conduct in this competitive environment shall always reflect the highest standards of honor and dignity to promote the advancement of agricultural education. This code applies to junior as well as open class exhibitors who compete in structured classes of competition. This code applies to all livestock offered in any event at a livestock show. In addition to the "IAFE National Code of Show Ring Ethics," fairs and livestock shows may have rules and regulations which they impose on the local, county, state, provincial and national levels.

All youth leaders working with junior exhibitors are under an affirmative responsibility to do more than avoid improper conduct or questionable acts. Their moral values must be so certain and positive that those younger and more pliable will be influenced by their fine example. Owners, exhibitors, fitters, trainers and absolutely responsible persons who violate the code of ethics will forfeit premiums, awards and auction proceeds and shall be prohibited from future exhibition in accordance with the rules adopted by the respective fairs and livestock shows. Exhibitors who violate this code of ethics demean the integrity of all livestock exhibitors and should be prohibited from competition at all livestock shows in the United States and Canada.

The following is a list of guidelines for all exhibitors and all livestock in competitive events:

1. All exhibitors must present, upon request of fair and livestock show officials, proof of ownership, length of ownership and age of all animals entered. Misrepresentation of Ownership, age, or any facts relating thereto is prohibited.
2. Owners, exhibitors, fitters, trainers, or absolutely responsible persons shall provide animal health certificates from licensed veterinarians upon request by fair or livestock show officials.
3. Junior exhibitors are expected to care for and groom their animals while at fairs or livestock shows.
4. Animals shall be presented to show events where they will enter the food chain free of violative drug residues. The act of entering an animal in a livestock show is the giving of consent by the owner, exhibitor, fitter, trainer and/or absolutely responsible person for show management to

obtain any specimens of urine, saliva, blood, or other substances from the animal to be used in testing. Animals not entered in an event which culminates with the animal entering the food chain shall not be administered drugs other than in accordance with applicable federal, state and provincial statutes, regulations and rules. Livestock shall not be exhibited if the drugs administered in accordance with federal, state and provincial statutes, regulations and rules affect the animal's performance or appearance at the event. If the laboratory report on the analysis of saliva, urine, blood, or other sample taken from livestock indicates the presence of forbidden drugs or medication, this shall be prima facie evidence such substance has been administered to the animal either internally or externally. It is presumed that the sample of urine, saliva, blood, or other substance tested by the laboratory to which it is sent is the one taken from the animal in question, its integrity is preserved and all procedures of said collection and preservation, transfer to the laboratory and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken, with the burden on the owner, exhibitor, fitter, trainer, or absolutely responsible person to prove otherwise. At any time after an animal arrives on the fair or livestock show premises, all treatments involving the use of drugs and/or medications for the sole purpose of protecting the health of the animal shall be administered by a licensed veterinarian.

5. Any surgical procedure or injection of any foreign substance or drug or the external application of any substance (irritant, counterirritant, or similar substance) which could affect the animal's performance or alter its natural contour, confirmation, or appearance, except external applications of substances to the hoofs or horns of animals which affect appearance only and except for surgical procedures performed by a duly licensed veterinarian for the sole purpose of protecting the health of the animal, is prohibited.
6. The use of showing and/or handling practices or devices such as striking animals to cause swelling, using electrical contrivance, or other similar practices are not acceptable and are prohibited.
7. Direct criticism or interference with the judge, fair or livestock show management, other exhibitors, breed representatives, or show officials before, during, or after the competitive event is prohibited. In the furtherance of their official duty, all judges, fair and livestock show management, or other show officials shall be treated with courtesy, cooperation, and respect. No person shall direct abusive or threatening conduct toward them.
8. No owner, exhibitor, fitter, trainer, or absolutely responsible person shall conspire with another person or persons to intentionally violate this code of ethics or knowingly contribute or cooperate with another person or persons either by affirmative action or inaction to violate this code of ethics. Violation of this rule shall subject such individual to disciplinary action.
9. The application of this code of ethics provides for absolute responsibility for an animal's condition by an owner, exhibitor, fitter, trainer, or participant whether or not he or she was actually instrumental in or had actual knowledge of the treatment of the animal in contravention of this code of ethics.
10. The act of entering an animal is the giving of consent by the owner, exhibitor, fitter, trainer, or absolutely responsible person to have disciplinary action taken by the fair or livestock show for violation of this Code of Show Ring Ethics and any other rules of competition of the fair or livestock show without recourse against the fair or livestock

show. The act of entering an animal is the giving of consent that any proceedings or disciplinary action taken by the fair or livestock show may be published with the name of the violator or violators in any publication of the International Association of Fairs and Expositions, including Fairs and Expositions and any special notices to members.

11. The act of entering of an animal in a fair or livestock show is the giving of verification by the owner, exhibitor, fitter, trainer, or absolutely responsible person that he or she has read the IAFE National Code of Show Ring Ethics and understands the consequences of and penalties provided for actions prohibited by the code. It is further a consent that any action which contravenes these rules and is also in violation of federal, state, or provincial statutes, regulations, or rules may be released to appropriate law enforcement authorities with jurisdiction over such infractions.
