

Spooky Plants Webinar

October 26, 2022 - 7:00 p.m.

Don't let plants scare you. We'll introduce you to some spooky, stinky, and downright strange plants that will make you reconsider what you know about the flora around you.

Dr. Cindy Haynes, professor of Horticulture, will take us on a journey through the world of spooky plants such as Eyeball Plant, Corpse Flower, and Venus Flytrap.

Wednesday October 26

7:00 pm, Zoom

Join us for this free webinar in the spirit of Halloween. All ages and backgrounds are welcome. Space is limited to the first 500 participants.
