

## VOLUNTEER

Over 10,000 volunteers guide 4-H members in becoming productive citizens, outstanding communicators, effective leaders, and successful learners. But just as important as what volunteers give is what they get back!

4-H needs many volunteers who are willing to share creative ideas, time, talent, and skills to support youth at the community, county, and state level. Are you curious about volunteering for 4-H? ## WHAT IS 4-H

4-H is a community of 6 million young people across the world who are learning how to live healthy, be leaders, become engaged in their communities, and use science and technology to make good decisions for their future and their communities' future.

The Iowa 4-H Youth Development Program provides opportunities for youth to develop skills that they can use now and throughout their lives. Iowa 4-H builds upon a century of experience as it fosters positive youth development that is based on the needs and strengths of youth, their families, and communities.

Iowa 4-H follows the principles of experiential learning and draws on the knowledge base of Iowa State University and other institutions of higher education in cooperation with the United States Department of Agriculture. The Iowa 4-H Program's vision and mission statements clearly view youth as partners working with caring adults, and as full participants in planning and working for individual and community change.
