## IOWA 4-H YOUTH CODE OF ETHICS

Youth are expected to be sincere, honest and act in sportsmanlike ways at all times. Youth represent the entire program and their behavior reflects on their parents, leaders, club, and the entire youth program. All adults involved with the youth program, leaders as well as parents, are expected to set positive examples and serve as positive role models by what they say and do. Any youth who breaks the Code of Ethics or allows another person (adult or peer) to talk them into violating the Code of Ethics agrees to forfeit all prizes, awards, and premiums. The youth may also be prohibited from exhibiting at this and future exhibitions including the Iowa State Fair and other county, state, or regional exhibitions.

Youth agree to follow these guidelines:

1. I will do my own work, appropriate for my age and physical and mental development. This includes research and writing of exhibit explanations, preparing exhibits (such as sewing, cooking, refinishing, etc.), care and grooming of animals, etc. Adult assistance should help guide and support me, not do it for me.
2. All exhibits will be a true representation of my work. Any attempt to take credit for other's work, alter the conformation of animals, or alter their performance is prohibited. Copyright violation or allowing others to complete your exhibit is considered misrepresentation and is prohibited.
3. I will treat all people and animals with respect. I will provide appropriate care for animals.
4. I will present exhibits that are safe for consumption. All food exhibits will be safe to exhibit and for judges to evaluate. Other exhibits will be safe for judges to evaluate and for exhibition.
5. All food animals that may be harvested immediately following the show shall be safe for consumers, shall have met all withdrawal times for all medications, and be free of violative drug residue.
6. If any animal requires medical treatment while at the fair or exhibition, only the Official Fair Veterinarian may administer the treatment. All medications that are administered shall be done according to the label instructions of the medication used.
7. My animal's appearance or performance shall not be altered by any means, including medications, external applications, and surgical procedures. Any animal that is found to have changed its appearance or its performance shall be disqualified from the show, and have penalties assessed against the exhibitor, parent, and/or guardian by the management of the fair or exhibition.
8. I will follow all ownership and possession rules and, if requested, will provide the necessary documentation.
9. I will follow all livestock health requirements for this fair or exhibition, according to the state health requirements as printed in the Premium Book of this fair or exhibition. I will provide animal health certificates from a licensed veterinarian upon request from the management of the fair or exhibition.
10. By my entering an animal in this fair or exhibition, I am giving consent to the management of the fair or exhibition to obtain any specimens of urine, saliva, blood, or other substances from the animal to be used in testing. If the laboratory report on the analysis of any sample indicates a presence of forbidden drugs, this shall be evidence such substance has been administered to the animal either internally or externally. It is presumed that the

sample tested by the laboratory to which it is sent is the one taken from the animal in question, its integrity is preserved and all procedures of said collection and preservation, transfer to the laboratory and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken, with the burden on the exhibitor, parent and/or guardian to prove otherwise.

11. I am responsible for my exhibit and I will not allow others to violate this Code on my behalf. By my entering an exhibit in this fair or exhibition I will accept any disciplinary action taken by the management of this fair or exhibition for any violation of this Code of Ethics and any other rules of competition of the fair or exhibition without recourse against the fair or exhibition.
12. I want my exhibit to be an example of how to accept what life has to offer, both good and not so good, and how to live with and learn from the outcome.
13. I will not be involved in any illegal activities while participating in 4-H and FFA events, including but not limited to alcohol, tobacco or drug use.

I agree to conduct myself in an honest, ethical, and upstanding manner and I understand that disciplinary actions will result if these rules are violated. I understand that I am expected to represent the program in a positive manner. I have read, understand and agree to follow this Code of Ethics, and any other rules of competition of this fair or exhibition as printed in its Premium Book.

3. Exhibit classes are broad categories. To plan exhibits, 4-H'ers are encouraged to use project area guides, manuals, and program materials to determine goals and learning experiences. Some [project area guides](#) include specific exhibit suggestions and procedures. An exhibit can represent an idea, a part, or all learning involved in the respective project or program.
4. Exhibits can be done by an individual or group and may represent all or part of the learning in the project or program.
5. If you have an exhibit selected for the Iowa State Fair and are in FFA, you cannot enter a similar exhibit in the FFA division at the Iowa State Fair, even though it is a separate exhibit, such as in photography, welding, woodworking, science, engineering, & technology, etc.

6. Static exhibits entered by FFA members that are not Ag Mech or Photography exhibits are ineligible to advance to the Iowa State Fair.
7. Exhibits previously entered in an FFA Ag Science Fair or any other FFA event or competition may not be entered in any 4-H exhibit class.
8. Exhibits that do not comply with the class description, size guidelines, copyright restrictions, safety, and approved methods will be disqualified and not put on public display.
9. The Muscatine County Extension Council and 4-H staff reserve the right to disqualify any exhibit deemed inappropriate, harmful, or unsafe.

14. Endangered and threatened plants and animals (including insects), or song bird feathers and nests may NOT be used in any exhibit. Game animals legally taken are acceptable. Live specimens of noxious weeds or invasive species are NOT permitted in any exhibit. Dried specimens are acceptable to use in exhibits.

18. Most exhibit classes have specific guidelines and requirements that will be included in the judging process. Members are highly encouraged to go to [www.extension.iastate.edu/4h/exhibit-tip-sheets](http://www.extension.iastate.edu/4h/exhibit-tip-sheets) to find information about judging criteria for exhibits that they create from their 4-H project learning.
19. Exhibitors will conference with a judge(s) about their exhibits(s) and will receive a white, red, or blue ribbon. 26. All exhibits must be checked in at the entry table where exhibits are checked for class and size requirements. Judges will be instructed not to judge exhibits that have not been checked in.
27. Each exhibit is to have an entry tag. It is suggested that each member attach a separate label that contains their name and club to each part of the exhibit. This is the member's responsibility.
28. 4-H exhibiting eligibility at the 2023 Iowa State Fair will include 4-H'ers who have completed 5th grade through 12th grade or equivalent.
