November 2018

4-H club enrollment is still open. Please make sure that you re-enroll in 4-H Online. Clubs around the area have been doing awesome things at their meetings. G & W Feeders club members were able to make a paper pumpkin. Western Workers helped to clean up the Historical Park in Sheldon. Kool Kids made cookies for farmers in Hartley. The O’Brien County Youth Council meeting brought 16 high school members to this group that planned community service and activities for the next few months. If you are in 9-12th grade and want to join the fun the next meeting is Dec 2, 5pm Extension Office.

Opportunities are plentiful this fall in 4-H, so take advantage of the awesome things you can experience.
All 9-12 graders that are interested in going to the National 4-H Center, you can attend a conference for **Agri-Science Jan 10-13, 2019** or **Healthy Living Feb 15-18, 2019**. Funding is available to those that would like to attend. Please contact Sarah for more information. Deadline to register is December 1.
