Goals

The beginning of the 4-H year is a great time to begin thinking about what goals you would like to do or learn in 4-H during the upcoming months. List some of your goals for your project below—talk to your leader or parents for help deciding what goals would be realistic to try and what is possible to finish before the end of the year.

We recommend you choose 2-3 goals for the upcoming year in this project area. If you're having trouble thinking of some goals, there are plenty of goals to choose from. Your Extension Office will have an appendix to help choose from—Try to choose a few showmanship goals, as well as some personal development goals. You may also choose to develop your own individual goals! Write your goals on the next page. Print more if necessary!

My goals for the year	What I need to do to accomplish my goals...	How I met my goals...
<i>Example</i> Build a nesting box	<i>Example</i> Make plans, purchase materials, build box	<i>Example</i> Box was built successfully

Care & Management

Animal Care is extremely important! List your treatments for your animals below. Print more forms if necessary.

Date Treated	Treatment Type

Depending on if your 4-H Bird is for meat or egg production you have different requirements. Record your feed information below. Attach a food label. Add more pages where necessary.

Feed Name	Amount given per feeding	% Protein	% Calcium	Supplements (Scratch grains, flock block)
