# Goals

The beginning of a project is a great time to set some goals that you would like to accomplish by the end of your project! Below is a table for you to list some of the goals you have for your project this year.

We recommend you choose 2-3 goals for the upcoming year. Try to talk to a leader or parent for help deciding what goals would be realistic and attainable

My goals for the year	What I need to do to accomplish my goals	How I met my goals

# Animal Care & Housing

Documentation of animal care is EXTREMELY important! Having documentation is helpful when looking back at overall animal health. Fill out the table below with any treatments or care you provided to your animal.

Example: 6/3	Example: Hoof Trimming	Example: None	Example: None

Having a clean, dry, and safe space is also an extremely important part of animal health. In the space below briefly describe where your animal is being housed, insert photos on the next page for reference.
