PROGRAM EVALUATION AND RESEARCH PERMISSION
The Iowa State University Extension and Outreach 4-H Program annually assesses the extent to which youth’s engagement in 4-H learning experiences impact their lives. The overall purpose of Iowa 4-H’s program evaluation and research efforts is to inform and improve 4-H educational learning experiences with all Iowa youth.

Throughout the 4-H programming year, youth enrolled in 4-H learning experiences may be asked via a self-assessment tool to share perceptions of changes in their knowledge and actions/practices related to engagement in healthy living, STEM, citizenship and leadership, and/or communication and the arts learning experiences. The youth self-assessments do not ask for youth’s names. Youths’ self-assessment responses are kept confidential and results are reported in aggregate.

The Iowa 4-H Program is also working collaboratively with the Iowa Department of Education to determine if there are differences in academic variables such as, but not limited to, grades, test scores, school attendance, and course enrollment of youth who are engaged in 4-H learning experiences compared to youth who are not engaged in 4-H learning opportunities. Additionally, demographic data, such as, but not limited to youths’ ethnicity, race, and gender will also be reviewed to better understand if youth engagement in 4-H learning experiences helps to close achievement gaps as outlined by the Iowa Department of Education. The Iowa 4-H Program will work closely with the Iowa Department of Education to ensure that any data released is not personally identifiable and that any data received, analyzed, or preserved is in strict compliance with the requirements within the Family Educational Rights and Privacy Act (FERPA) and Iowa State University’s Human Subject Policies.

You are free to decide not to have your child participate in any Iowa 4-H program evaluation or research project, or to withdraw your child at any time, without adversely affecting your child’s Iowa 4-H participation. If you decide to withdraw your child from an Iowa 4-H program evaluation or research project, please contact Leslie Stonehofer, 4-H Data Manager, at lstoneo@iastate.edu. Your decision will not result in any loss or benefits to which your child is otherwise entitled.

YOU ARE VOLUNTARILY MAKING A DECISION WHETHER OR NOT TO ALLOW YOUR CHILD TO PARTICIPATE IN 4-H PROGRAM EVALUATION AND RESEARCH EFFORTS. YOUR SIGNATURE CERTIFIES YOU HAVE DECIDED TO ALLOW YOUR CHILD TO PARTICIPATE HAVING READ AND UNDERSTOOD THE INFORMATION PRESENTED.

Youth are expected to be sincere, honest and act in sportsmanlike ways at all times. Youth represent the entire program and their behavior reflects on their parents, leaders, club and the entire youth program. All adults involved with the youth program, leaders as well as parents, are expected to set positive examples and serve as positive role models by what they say and do. Any youth who breaks the Code of Ethics or allows another person (adult or peer) to talk them into violating the Code of Ethics agrees to forfeit all prizes, awards and premiums. The youth may also be prohibited from exhibiting at this and future exhibitions including the Iowa State Fair and other county, state or regional exhibitions.

Youth agree to follow these guidelines:

1. I will do my own work, appropriate for my age and physical and mental development. This includes research and writing of exhibit explanations, preparing exhibits (such as sewing, cooking, refinishing, etc), care and grooming of animals, etc. Adult assistance should guide and support me, not do it for me.
2. All exhibits will be a true representation of my work. Any attempt to take credit for other’s work, alter the conformation of animals, or alter their performance is prohibited. Copyright violation or allowing others to complete your exhibit is considered misrepresentation and is prohibited.
3. I will treat all people and animals with respect. I will provide appropriate care for animals.
4. I will present exhibits that are safe for consumption. All food exhibits will be safe to exhibit and for judges to evaluate. Other exhibits will be safe for judges to evaluate and for exhibition.
5. All food animals that may be harvested immediately following the show shall be safe for consumers, and shall have met all withdrawal times for all medications, and be free of violative drug residue.
6. If any animal requires medical treatment while at the fair or exhibition, only the Official Fair Veterinarian may administer the treatment. All medications that are administered shall be done according to the label instructions of the medication used.
7. My animal's appearance or performance shall not be altered by any means, including medications, external applications and surgical procedures. Any animal that is found to have changed its appearance or its performance shall be disqualified from the show, and have penalties assessed against the exhibitor, parent and/or guardian by the management of the fair or exhibition.
8. I will follow all ownership and possession rules and, if requested, will provide the necessary documentation.
9. I will follow all livestock health requirements for this fair or exhibition, according to the state health requirements as printed in the Premium Book of the fair or exhibition. I will provide animal health certificates from a licensed veterinarian upon request from the management of the fair or exhibition.
10. By my entering an animal in this fair or exhibition, I am giving consent to the management of the fair or exhibition to obtain any specimens of urine, saliva, blood, or other substances from the animal to be used in testing. If the laboratory report on the analysis of any sample indicates a presence of forbidden drugs, this shall be evidence such substance has been administered to the animal either internally or externally. It is presumed that the sample tested by the laboratory to which it is sent is the one taken from the animal in question, its integrity is preserved and all procedures of said collection and preservation, transfer to the laboratory and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken, with the burden on the exhibitor, parent and/or guardian to prove otherwise.
11. I am responsible for my exhibit and I will not allow others to violate this Code on my behalf. By my entering an exhibit in this fair or exhibition I will accept any disciplinary action taken by the management of this fair or exhibition for any violation of this Code of Ethics and any other rules of competition of the fair or exhibition without recourse against the fair or exhibition.
12. I want my exhibit to be an example of how to accept what life has to offer, both good and not so good, and how to live with and learn from the outcome.
13. I will not be involved in any illegal activities while participating in 4-H and FFA events, including but not limited to alcohol, tobacco or drug use.

I agree to conduct myself in an honest, ethical, and upstanding manner and I understand that disciplinary actions will result if these rules are violated. I understand that I am expected to represent the program in a positive manner. I have read, understand and agree to follow this Code of Ethics, and any other rules of competition of the fair or exhibition as printed in its Premium Book.
