

# Emerald Ash Borer Public Meeting

It has been confirmed in Tama County. Now What?

Tama County Conservation Board and Tama County Extension & Outreach will host an informational meeting concerning the presence of Emerald Ash Borer (EAB), an exotic, destructive insect of ash trees.

**Tuesday, April 24th, 2018**

**6:30-8:00 pm**

**Tama County Nature Center at  
Otter Creek Lake & Park  
2283 Park Road  
Toledo, IA 52342**

**This public meeting is for homeowners and other concerned citizens. Meetings are FREE and no registration is required.**

**For questions call Tama County Conservation Board at 641-484-2231 or email Logan Roberts: [lr Roberts@tamacounty.org](mailto:lr Roberts@tamacounty.org)**

The Emerald Ash Borer (EAB) is a small beetle that kills all species of ash trees, including green, white, black and blue. This federally regulated insect has been found in fifty-five Iowa counties and continues to spread across the state.

**IOWA STATE UNIVERSITY**  
Extension and Outreach

## You Will Learn:

- How to Identify EAB
- How to identify an ash tree
- Signs of EAB Infestation
- Is the tree safe? Is it a candidate for treatment?
- EAB Treatment Options
- How the spread of EAB is being restricted
- Ash Tree Replacement Options

## Presented By:

**Dr. Donald Lewis**

Iowa State University

Professor & Extension Entomologist

**Mike Kintner**

EAB Coordinator with Iowa Department of Agriculture & Lands Stewardship (IDALS)

**Mark Vitosh**

Iowa DNR Forester
