

# Continuing Instruction Course “Pest Control” Categories 7A, 7B, and 8 December 7, 2022

## DVD Agenda Run-Down

Welcome	Donald Lewis
Think Like a Rodent	Howard Franklin
Wasp & Bee Control	Jody Green
Break	
Best Management Options for Carpenter Ants	Pete Schopen
Understanding Pesticide Formulations	Caroline Kohnert
Powderpost Beetle Detection & Management	Jeff Caudill

## About your conference speakers:

**Howard Franklin** is Central District Sales Manager for Liphatech. Phone: 732-670-3346.  
Email: franklinh@liphatech.com.

**Jody Green** is an Urban Extension Entomologist with Nebraska Extension in Douglas-Sarpy Counties. Address: 8015 W. Center Rd, Omaha, NE 68124-3175. Email: jgreen17@unl.edu. Twitter: @JodyBugsMeUNL

**Pete Schopen, Jr.** is the founder and president of Schopen Pest Solutions in McHenry, Illinois, serving northern Illinois and southeastern Wisconsin for more than 30 years. Phone: 815-669-4097. Website: www.schopenpest.com

**Caroline Kohnert** is the Technical Director for Plunkett's Pest Control (Fridley, MN). She is past-president of the Minnesota Pest Management Association, and president-elect of the Urban Pest Management Technical Committee. Phone: 763-502-1733. Email: caroline.kohnert@plunketts.net

**Jeff Caudill** is our Territory Manager for Nisus Corporation, maker of sustainable pest control and wood preservative products for professional pest management. www.nisuscorp.com. Phone 800-264-0870. Cell: 641-208-1311. Email jeffc@nisuscorp.com

**Donald Lewis** is professor emeritus and retired Extension Entomologist in the Department of Plant Pathology, Entomology, and Microbiology at Iowa State University. Email: drlewis@astate.edu

## Insecticides Used for Wasp and Bee Control

Source: Jody Green, University of Nebraska Extension. November 2022.

Formulation	Description	Brand Names	Active Ingredient
<b>Aerosols</b>	Quick knockdown Many feet away	Bonide Wasp & Hornet Killer Wasp-X Stryker, PT Wasp Freeze Stryker 54, CB 80, PT 565 Plus XLO	Tetramethrin, Permethrin, PBO Etofenprox Prallethrin  Pyrethrin, PBO
<b>Liquid insecticides</b>	Quick knockdown Long lasting residual	Cyper WSP D-Fense SC Tempo SC Ultra, Tempo WP, Cy-Kick CS  Demand CS Tandem	Cypermethrin Deltamethrin Cyfluthrin   Lambda-cyhalothrin Thiamethoxam, Lambda-cyhalothrin
<b>Foams</b>	Envelopes insects and nest Quick knockdown and residual	Bonide Singer Wasp. Hornet EcoVia WH Essentria EcoExempt	Tetramethrin, Sumithrin  Botanical oils Botanical oils Botanical oils
<b>Dusts</b>	Dust into nest Long residual	Tempo Dust Drione D-Fense Dust, Delta Dust Evergreen Cynoff Dust	Cyfluthrin Pyrethrin, PBO, Silica Gel Deltamethrin  Pyrethrin Zeta-cypermethrin, PBO
