Piece of the Puzzle

Have you ever been puzzled by what Scott County Extension does? Each month, we will share a piece of the puzzle with you to help you become more aware of our work.

Trauma Informed Communities aim to find ways to make lives better for those who have experienced trauma. Extension has been involved in this effort for years working with agencies and schools to teach about ACES or Adverse Childhood Experiences. We now have a new staff person who will help coach those groups on using the education to make a difference for their clients and students. Many adults deal with trauma from their youth for years. We want to help them as well as help young people as they are growing up.

Healthy Living Club Challenge

Healthy Living Club Challenge 2022-2023

"Healthy Communities, Healthy Future"

Healthy Living is one of the five program priorities in Iowa 4-H Youth Development. We pledge our "health to better living" and in order to learn, practice, and advocate for healthy choices we are challenging clubs, learning communities, volunteers, staff, and families to practice healthy choices during their meetings, events and daily lives.

The 4-H Healthy Living Club Challenge promotes simple modifications and educational opportunities during monthly club/group/team gatherings to explore our well-being while also building skills to help others through community wellness.

Each month, groups will be challenged to incorporate healthy options such as...

- Offering and promoting **water** as a beverage
- Featuring a **fruit and/or vegetable** as a snack option
- Incorporating time for a **movement**-based activity
- Completing the monthly **community health equity** activity

4-H CAMERA CORPS

Iowa 4-H Camera Corps is a talented group of selected youth photographers working together to capture beautiful, powerful, and unique photographs across the state of Iowa. Camera Corps is an opportunity to creatively explore something that may be new to you while having fun using photography and social media.

As part of monthly challenges, a photography topic/theme is provided with different subject matters as the primary focus. Youth enjoy the tasks and have learned from taking photos with a theme in mind.

PEOPLE'S CHOICE

At the end of each month, assignment submissions are placed in a photo gallery on the Iowa 4-H Facebook page. The gallery is then opened up for public voting to determine the "People's Choice" winners. The top 10 photos with the most likes at the end of the voting period are selected.

FOLLOW CAMERA CORPS

JUROR'S CHOICE

A panel of professional photographers designated as jurors will assess each photo, write personalized comments, constructive critiques, and determine a grouping of their Top 10 photos. The photo on the right was selected as one of the Top 10 Juror's Choice from the April 2017 theme "Looking Up."

4-H CAMERA CORPS MEMBERS WILL...

- Gain a better understanding and appreciation of photography
- Engage in innovative and exciting photography projects and activities
- Develop new photography skills and techniques
- Take part in hands-on workshops

GALLERY EXHIBITIONS

We are in need of gallery spaces around the state of Iowa to exhibit the youth's photographs each month. Exhibition spaces should be large enough to publicly show 20 framed photographs and offer a closing reception where youth and families are invited. If you know of places in your county please contact Clark Colby, cacolby3@iastate.edu
