Information	Program Description
Kindergarten-5th Grade	Art activities that focus on the elements of design.
Curriculum Format	Each lesson can be presented in 45-60 minutes. Teaching Guide with complete instructions is provided. Teaching Kit with materials needed to present lessons is provided. User may need to provide standard classroom supplies (pencils, scissors, glue). If a lesson requires perishable items (e.g. milk), user is responsible for these purchases.

Lesson	Overview
One: Art & the Artist/Line	Students define the term “art” and learn how artists use line to show direction, lead the eye, outline an object, divide a space, and communicate a feeling or emotion.
Two: Color	Students learn which colors on the color wheel are primary, secondary, analogous, complementary, and monochromatic as they use paint to create new colors.
Three: Shape	Students learn how artists use geometric and biomorphic shapes in their art.
Four: Form	Students learn how artists use different types of form. Different types of materials, media, and techniques are analyzed. Students make a wire sculpture.
Five: Texture	Students learn the difference between visual and tactile texture in art.
Six: Mask Making	Students learn about the history of masks in different cultures. Students use what they learned about the elements design to create a mask.
