Identification deadline approaching!

This is a special reminder that the May 15 animal identification deadline is approaching. All animals, including dogs and pets must be identified at this time. Click on the link below to access 4HOnline. Please refer back to previous newsletters for the proper way to enter your ear tags.

4HOnline

Oops! We Forgot Something!

The Loyal Paws Dog Club will start meeting Tuesday, May 1. The first meeting will be at 6:00 p.m. in the Multi-Purpose Building at the Sioux County Fair Grounds in Sioux Center. This first meeting is organizational for members and their parents but the no dogs. For more information, please contact Lindsay Warnjes at 712-758-9821.

Swine tag clarification

Editing caused a bit of confusion with the Swine tag regulations. What we should have said was "If you use tags other than the green USDA tags, you will need to enter the ear notches in 4HOnline." All animals need to be tagged, but if you use an old county tag that starts with 84, or a State DNA tag, you'll need to enter the ear notches. If you use the USDA tags, you can put N/A in the ear notch field.

Summer Camp Registration

There is a problem with the link in the Sioux County Camp booklets that were distributed recently. To sign up for camps, go to https://www.extension.iastate.edu/sioux and click on the blue button to register.
