## I. PROJECT GOAL AND EVALUATION

Please explain your goal/s for the Clothing Event. Did you reach your goal/s? How did you go about reaching your goals?

## II. CONSUMER SKILLS ACQUIRED

Identify two construction features or details of this garment and explain why you think these indicate quality garment workmanship (such as topstitching, welt pocket/s, invisible zipper, etc.).

What is the fiber content of each of the judged items that make up your outfit? What kind of care is required for the garment/outfit?

Have you changed, altered, or enhanced this garment/outfit in any way since choosing, purchasing, or making it? If yes, please explain.

### III. CHOOSING CLOTHING

What category of garment type did you choose (athletic wear, formal wear, everyday wear, costume)? What occasions, purposes, or activities did you have in mind when you selected or constructed this garment/outfit? Why do you think this garment is appropriate for this occasion or activity?

How do the accessories you have chosen improve the overall appearance or functionality of your garment/outfit?

How does this garment/outfit express your personality or, if a costume, the personality of your character? How is the color, fabric, style, or fit of this garment/outfit a good choice?

How does your garment/outfit reflect current fashion trends or, instead, deviate from trends in a purposeful way? (color, fit, shape, texture)

Why do you think the fabric is a good choice for the garment design and features?

In what way did the design elements and principles found in this garment/outfit help you to choose this garment/outfit? *Participants in grades 9-10 are responsible for identifying a minimum of one design principle (rhythm, emphasis, proportion, balance, unity) and the element(s) (shape/form, color, texture, line) used in the selected principle. Participants in grade 11-12 are responsible for identifying a minimum of two design principles and the elements used in the selected principles. Youth must explain how the elements are used to illustrate the selected principle(s).*

## IV. KEEPING TRACK OF YOUR COSTS

If you are using accessories you had on hand already, do not include them in your accessory total.

How much did the garments cost in your outfit total?

How much did any NEW accessories cost?

ADD garment and accessory costs to get **TOTAL OUTFIT COST:**

How many times per year do you plan to wear this outfit?

Divide the total outfit cost by the number of times per year to calculate the average cost per wear

Explain why the cost per wearing, care required, and wardrobe addition of this garment/outfit is reasonable in terms of your total clothing budget.

Explain how this outfit and its accessories enhances and expands your wardrobe or meets your need for a specific occasion.

## V. ABOUT YOU

Which of your 4-H experiences have been the most beneficial to you and why?
