

Delayed and Prevented Plant Webinar

Friday, May 24, 2019 | 9:00 - 11:00 am

Link to join webinar:

<https://connect.extension.iastate.edu/lppp/>.

Wet conditions have made planting a challenge. Join ISU Extension and Outreach for a webinar addressing:

- Late planting options and considerations for corn and soybeans, *Virgil Schmitt and Rebecca Vittetoe, ISUEO field agronomists*
- Crop insurance and prevented plant policies and considerations, *Ryan Drollette, ISUEO farm management specialist*

Free and open to the public.

Cannot join live? Access recorded webinar here:
