How To Manage Your Fertilizer Dollar

Thursday, March 21

Taylor County Extension
609 Pollock Boulevard, Bedford
10:00 a.m.—noon
Speaker: Aaron Saeugling, Extension Field Agronomist
Lunch Provided

Making sound soil fertility management decisions is an important part of successful crop production, on both an economic and environmental level. Iowa State University Extension and Outreach will be offering a workshop focusing on:

- How to interpret soil tests
- Where to allocate money for fertilizer
- Nitrogen trial results
- Soil test procedures and how to understand them

Register by March 18 to 712-523-2137 or jernst@iastate.edu
