

4-H IGNITES ADVENTURE

2020 Summer Day Camps

Warren County Extension and Outreach is excited to provide youth with the opportunity to learn at home! These camps are not limited to 4-H members, so we encourage all interested youth to sign up! Many of the programs will have grab-and-go kits available to pick up. Registration for day camps is required. Contact the Warren County Extension Office at 515-961-6237 to sign up today!

Sky Science

Tuesday, June 16th | K-3rd grades

Become a meteorologist and study weather by exploring the atmosphere! Collect data with wind speeds, rain gauges, sunlight, and much more!

Money Management

Thursday, June 18th | 4-12th grades

Dive into money management by learning about personal finances, earnings, savings, and investments. Participants will create four piggy banks that help create financial balance.

"Hearty" Health

Tuesday, June 23rd | K-3rd grades

Exercise, cook, and find new ways to be healthy! Explore new ways to incorporate your head, heart, and health actions into your daily life!

Gizmos and Gadgets

Thursday, June 25th | 4-12th grades

Wires, lights, and electricity galore! Get crafty with technology-based projects! Work with wires, batteries, and more to connect and power your inspiration!

Bugs in the Backyard

Tuesday, June 30th | K-3rd grades

Learn about the unique types of bugs and creatures in your very own backyard. Participants will become bug experts in no time!

Farm Exploration

Thursday, July 2th | 4-12th grades

Travel across Warren County with us and explore the ins and outs of life on the farm. Participants will have the opportunity to listen and learn from agriculturists nearby.

Art-Lit to Go!

Tuesday, July 7th | K-3rd grades

Create a wide variety of art by solving problems and completing different challenges! Have fun exploring new ideas while learning about lines, shapes, colors, and so much more!

Pocket Photography

Thursday, July 9th | 4-12th grades

Explore a whole new world of perspectives through a camera lens! Enhance your photography skills with new tricks and techniques! All camera types are welcome!

Clovers Sprout

Tuesday, July 14th | K-3rd grades

Discover the way that plants grow! Sunlight, nutrients, water, and so much more help the plants all around us thrive. Participants will grow their own plant from a seed.

Eventful Engineering

Thursday, July 16th | 4-12th grades

Travel the world and become an architect! Build structures and towers to learn about stability, foundation, and designs from famous monuments around the world!
