You can help to pave the way for 4-H in Washington County...

Help to pave the way...

Because we all have special memories of years gone by at the Washington County Fair.

Whether it is to come and see all the 4-H livestock, the good food, meeting friends and neighbors or all of the 4-H exhibits that bring you to the fair each July, it has earned a special place in the hearts of us all.

Right now is your opportunity to invest in a brick that will be placed outside of the exhibit hall on the Fairgrounds. The money raised will go into the Washington County 4-H Endowment Fund, for the benefit of 4-H'ers and Youth in Washington County. You may choose the inscription for your personally engraved brick. (see order form)

It is a terrific way to create a lasting imprint of your time and memories at the fair.

What a wonderful way to remember yourself, a loved one, family members, a club or even your business.

Complete your personal information, fill out the appropriate brick style you wish to purchase and send it to the Washington County Extension Office. It is that easy.

Knowing your contribution will help to pave the way for future endeavors of 4-H in Washington County. **We Thank You...**

Bricks will be assembled in front of the Extension Office prior to each year's fair
