**4-H PLEDGE**

I PLEDGE MY HEAD TO CLEARER THINKING, MY HEART TO GREATER LOYALTY, MY HANDS TO LARGER SERVICE, AND MY HEALTH TO BETTER LIVING, FOR MY CLUB, MY COMMUNITY, MY COUNTRY, AND MY WORLD.
The College of Design is pleased to offer a series of youth design workshops for middle and high school students this summer in Ames! If you know a student with interests in art and design, please encourage them to attend!

Explore Design! (June 4, $25) is a one day workshop for students entering and in middle school. This camp uses hands-on design projects to introduce students to the fun of design and creativity. Students will learn design thinking through creative exploration of the materials, tools, and technology of design, as well as learn how to express their ideas both visually and verbally through sketches, critiques, discussions, and a gallery show for friends and family.

Design Innovation (June 5-7, $100) is a three day workshop for students entering 10th grade through new high school graduates. Design Innovation will introduce students to careers and lifelong opportunities in design. Through a series of activities, students interact with local artists and designers, explore educational and professional paths in art and design, and create designs of their own through a series of hands-on exercises modeled after the ways in which designers work.

Design Condensed (June 23-29, $535) is a weeklong residential camp for high schoolers and recent grads interested in further exploring art and design. Students will stay at the state 4-H camp near Luther and enjoy a pre-collegiate experience in the College of Design with studio classes and projects lead by College of Design faculty from a variety of disciplines. Activities will also include local design studio visits, and panel discussions with current ISU students.

Oklahoma Tornado Victims
Many are asking what they can do to help the tornado victims in Oklahoma. Donations can be made to the Red Cross or Salvation Army. People can make a $10 donation by texting RED CROSS to 90999.

We do not know of specific 4-H families that are impacted but in time we know we will learn of these. If clubs want to send cash donations to be passed on to a 4-H member or family they may do so by sending gifts to the Oklahoma 4-H Foundation, 205 4-H Youth Development, OSU, Stillwater OK 74078 and we will see that it is used for disaster relief.

The National Weather Service is saying this will probably be listed as the largest and most destructive tornado ever recorded. In times like this we all want to help but don’t really know what to do. In the days ahead if we know of other needs we will pass those along. In the meantime keep the families of central Oklahoma in your thoughts and prayers. Charles B. Cox; State 4-H Program Leader and Asst. Director; Oklahoma Cooperative Extension Service
Attendance requirement:
Members must attend at least half of their clubs meetings, (one club community service project can be substituted for one meeting). If necessary a 4-Her may visit another club’s meeting to qualify. There are no excused absences. The 4-H year runs from August to July.
