## Session Details

### November 6
**Introduction, Biosecurity, Health and Safety**
Iowa State University Southeast Research and Demonstration Farm - 3115 Louisa-Washington Rd, Crawfordsville, IA

How has biosecurity changed swine production? What are best practices when it comes to biosecurity? What are common health concerns in swine production and medicines used to treat pigs when needed? Besides keeping pigs healthy safe, what are precautions producers/caretakers should be taking to keep themselves healthy and safe? This will be a hands-on interactive session with the ISU Biosecurity Trailer.

### November 13
**Swine Production Overview and Swine Nutrition**
Brenneman Pork - 2012 155th St. Washington, IA

How has swine production changed in the US and in Iowa? What are the more recent challenges the industry is facing? What does swine nutrition all encompass? What are common rations used in swine production?

### November 20
**Swine Ventilation and Manure Management**
Iowa State University Southeast Research and Demonstration Farm - 3115 Louisa-Washington Rd, Crawfordsville, IA

What are the basic components and different types of ventilation systems used in swine buildings? How do you troubleshoot ventilation issues to create a healthy environment for the pigs? How can we best maximize the value of our swine manure? Come ready for hands-on activities with this session, including the use of the ISU Swine Ventilation Trailer.

### November 27
**Swine Building Maintenance, Renovation, Siting a Building, and Wrap-Up**
Washington County Extension Office - 2223 250th St. Washington, IA

What should be on a building maintenance checklist, and how frequently do these items need to be done? Thinking of renovating or siting a new building? What’s the return on investment? What are best practices and rules for siting a new building?

## Register for the Series

Cost is $50 for the workshop series, and this includes a meal before each session and all course materials. Register by going to [https://go.iastate.edu/PJHXEL](https://go.iastate.edu/PJHXEL) or by scanning this QR Code.

Registration deadline is by 4:30 PM on November 1. Pre-registration is required to attend this workshop series. Space is limited to 25 participants, and registration will close when capacity is reached.

Want more information or have a question? Contact the Washington County Extension Office at 319-653-4811 or email Andy Miller at andrewm4@iastate.edu.
