Iowa Youth Code of Ethics

Youth are expected to be sincere, honest and act in sportsmanlike ways at all times. Youth represent the entire program and their behavior reflects on their parents, leaders, club and the entire youth program. All adults involved with the youth program, leaders as well as parents, are expected to set positive examples and serve as positive role models by what they say and do. Any youth who breaks the code of ethics or allows another person (adult or peer) to talk them into violating the code of ethics agrees to forfeit all prizes, awards and premiums. The youth may also be prohibited from exhibiting at this and future exhibitions including the Iowa State Fair and other county, state, or regional exhibitions.

Youth agree to follow these guidelines:

1. I will do my own work, appropriate for my age and physical and mental development. This includes research and writing of exhibit explanations, preparing exhibits (such as sewing, cooking, refinishing, etc.), care and grooming of animals, etc. Adult assistance should help guide and support me, not do it for me.
2. All exhibits will be a true representation of my work. Any attempt to take credit for other's work, alter the conformation of animals, or alter their performance is prohibited. Copyright violation or allowing others to complete your exhibit is considered misrepresentation and is prohibited.
3. I will treat all people and animals with respect. I will provide appropriate care for animals.
4. I will present exhibits that are safe for consumption. All food exhibits will be safe to exhibit and for judges to evaluate. Other exhibits will be safe for judges to evaluate and for exhibition.
5. All food animals that may be harvested immediately following the show shall be safe for consumers, shall have met all withdrawal times for all medications, and be free of violative drug residue.
6. If any animal requires medical treatment while at the fair or exhibition, only Official Fair Veterinarian may administer the treatment. All medications that are administered shall be done according to the label instructions of the medication used.
7. My animal's appearance or performance shall not be altered by any means, including medications, external applications and surgical procedures. Any animal that is found to have changed its appearance or its performance shall be

- disqualified from the show, and have penalties assessed against the exhibitor, parent and/or guardian by the management of the fair or exhibition.
8. I will follow all ownership and possession rules and, if requested, will provide the necessary documentation.
 9. I will follow all livestock health requirements for this fair or exhibition, according to the state health requirements as printed in the premium book of the fair or exhibition. I will provide animal health certificates from a licensed veterinarian upon request from the management of the fair or exhibition.
 10. By my entering an animal in this fair or exhibition, I am giving consent to the management of the fair or exhibition to obtain any specimens of urine, saliva, blood, or other substances from the animal to be used in testing. If the laboratory report on the analysis of any sample indicates a presence of forbidden drugs, this shall be evidence such substance has been administered to the animal either internally or externally. It is presumed that the sample tested by the laboratory to which it is sent is the one taken from the animal in question, its integrity is preserved and all procedures of said collection and preservation, transfer to the laboratory and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken, with the burden on the exhibitor, parent and/or guardian to prove otherwise.
 11. I am responsible for my exhibit and I will not allow others to violate this Code on my behalf. By my entering an exhibit in this fair or exhibition I will accept any disciplinary action taken by the management of this fair or exhibition for any violation of this code of ethics and any other rules of competition of the fair or exhibition without recourse against the fair or exhibition.
 12. I want my exhibit to be an example of how to accept what life has to offer, both good and not so good, and how to live with and learn from the outcome.
 13. I will not be involved in any illegal activities while participating in 4-H and FFA events, including but not limited to alcohol, tobacco or drug use.

I agree to conduct myself in an honest, ethical, and upstanding manner, and I understand that disciplinary actions will result if these rules are violated. I understand that I am expected to represent the program in a positive manner. I have read, understand and agree to follow this Code of Ethics, and any other rules of competition of the fair or exhibition as printed in its premium book.

1. All tagged lambs must be born on or after January 1, 2021, except in production yearling ewe class #3. All Market Lambs, Commercial Ewe Lambs and Ram Lambs must be ear tagged in the right ear and weighed in the spring April/May, at the Woodbury County Fairgrounds in Moville. Date of weigh-in/tagging will be announced in the 4-H newsletter. All buck lambs for the market classes must be castrated or banded prior to weigh-in date.
2. All lost ear tags must be reported to a sheep superintendent immediately upon discovery with proof of loss or the ID tag, so re-tagging can be scheduled.
3. Each member can enroll/identify a maximum of 30 head to be identified in 4-H Online that attended a weigh-in. Production yearling, ewe tag number and information must be identified in 4-H Online on or before May 15.
4. All market lambs must have been shorn over the entire body. No minimum fleece length is required. An optional shearing date will be posted in the 4-H Scene. **There is no shearing or clipping on the fairgrounds from entry to end of fair.**
5. At County Fair time, each member may enter:
 - One pen of three market lambs
 - Three individual market lambs (lambs can come from the pen of three)
 - One ram lamb
 - Two commercial ewes
 - Two production yearling ewes (the yearling ewe must be a 4-H lamb that was tagged last year during the county tagging and weigh in held in the Spring of 2020 and have given birth this year)
6. All market lambs will be weighed at entry time of the County Fair and must have a minimum weight of 90 lbs. to be in the average daily gain class. Lambs not meeting this standard are not eligible for other Class Champion or Grand Champion placing. All lambs at time of fair weigh-in must be dry; no foreign material may be added to lamb to increase weight. The sheep superintendents will divide the entries into weight classes. Pen of three must weigh a minimum 270 lbs.
7. The highest gaining market lambs of .75 lbs or the top 10 lambs (whichever is the smaller group) will be paraded prior to the selection of the Grand Champion Market Lamb. All market lambs are automatically considered for rate of gain; no breeding stock is eligible for rate of gain. Ram lambs shown in breeding classes cannot be shown in any market classes.
8. The Champion and Reserve Champion from each Market Lamb class will compete for the Grand and Reserve Grand Champion Market Lamb.
9. Any of the following unethical practices used at the Woodbury County Fair will be grounds for the exhibitor to be excused from the show ring by the sheep superintendents or judge. The sheep superintendents have the right to add to the list below at any time there are any other unethical practices.
 - a. Slapping or hitting lambs
 - b. Wetting down, icing, or painting of animals
 - c. Unnatural fitting, such as the injection of any gas, solid, or liquid under the skinIn violation of any unethical practices, one warning will be given prior to being excused from the show ring for that class.
10. All lambs must have their tails docked.
11. When showing lambs, all four feet must be left on the ground at all times.
12. Exhibitors are responsible for marketing their own lambs.
13. There has been a public health issue concerning sheep. It is called club lamb fungus and it is highly contagious to people and other sheep. Because of the fair's attempts to keep the public health risk minimal, please inspect your animals after it has been closely shorn and see whether it has any ring-like lesions that are pale yellow and crusty. If "yes", do not bring this animal to the fair. If you have any questions concerning whether your animal or animals may have this, please

contact your local veterinarian before Fair. The animals will be inspected again at the Fair and if there are any suspicious lesions, they will be sent home. This is a public health issue and since many people come to the Fair and enjoy petting the sheep, the Fair Board and the superintendents are trying to prevent any problems to both the public as well as to the animals, and hope that all exhibitors share their concern. The veterinarian has final say on all animal health issues.

Questionable lambs with health issues will be sent home.

14. All reproductively intact animals (i.e. ewes, does, rams, bucks) must be tagged with the proper "Scrapie Flock I.D. Number." Scrapie tag must be in the lamb at the spring weigh-in date.
15. The Livestock/Animal entries are due in FairEntry by July 15 at 11:59pm. Animals will be ineligible to be shown at county fair if information is not submitted by July 15. See rule # 2 under livestock general rules.
