Livestock Requirements Apply to Both Open Class and 4-H/FFA Department

2015 HEALTH REQUIREMENTS FOR EXHIBITION OF LIVESTOCK, POULTRY AND BIRDS AT A COUNTY 4H/FFA FAIR EXHIBITION

ANY EVIDENCE OF WARTS, RINGWORM, FOOT ROT, PINKEYE, DRAINING ABSCESSES OR ANY OTHER CONTAGIOUS OR INFECTIOUS CONDITION WILL ELIMINATE THE ANIMAL FROM THE SHOW.

No individual Certificate of Veterinary Inspection will be required on Iowa origin animals or poultry exhibited at County 4-H/FFA FAIR, but the animals must be inspected when unloaded or shortly thereafter by an accredited veterinarian. All animals moving from out of state into an Iowa county 4H/FFA fair must meet Iowa Animal and Livestock Importation requirements. Each show must have an official veterinarian.

Quarantined animals or animals from quarantined herds cannot be exhibited.

Official identification listed on a Certificate of Veterinary Inspection required for all cattle and bison of any age coming in from out of state used for rodeos, recreational events, shows and exhibitions.

SWINE
All swine must originate from a herd or area not under quarantine and must be individually identified. Plastic tags issued by 4-H officials may be substituted for an official metal test tag, when there is an additional identification (ear notch).

Swine originating outside of Iowa. All exhibitors must present a test record and Certificate of Veterinary Inspection that indicate that each swine has had a negative test for pseudorabies within 30 days prior to the show (individual show regulations may have more restrictive time restrictions), regardless of the status of the herd, and that show individual official identification. Electronic identification will not be considered official identification for exhibition purposes.

SHEEP AND GOATS
All sexually intact sheep must have an individual Scrapie Flock of Origin identification tag (Ex. IA1234-5678). All sexually intact goats must be identified with an individual Scrapie Flock of Origin identification tag (Ex. TA 1234-5678) or by an official tattoo registered with USDA (to register, call 1-866-USDA-TAG; 1-866-873-2824). Wethers less than 18 months of age are required to have an individual identification and a scrapie tag may be used, but a scrapie tag is not required.
POULTRY AND BIRDS
All poultry exhibited must come from U.S. Pullorum-Typhoid clean or equivalent flocks, or have had a negative Pullorum-Typhoid test within 90 days of public exhibition and the test must have been performed by an authorized tester. (SEE GENERAL SECTION 1.B) Please note: Poultry purchased from a hatchery and raised for exhibition are not exempt from Pullorum-Typhoid testing requirements.

However, "Market Classes" of poultry consigned to a slaughter establishment are exempt from the Salmonella testing requirements. "Market Classes" of poultry must be separated from all other poultry by a distance often or more feet and/or an eight-foot high solid partition.

DOGS AND CATS
All dogs and cats exhibited must have a current rabies vaccination certificate.

FARM DEER
Accredited veterinarians must be approved to administer tuberculosis tests on Cervidae.

"Cervidae" means all animals belonging to the cervidae family, and "CWD susceptible cervidae" means whitetail deer, blacktail deer, mule deer, red deer, elk and moose. Cervidae may be exhibited without other testing requirements when accompanied by a Certificate of Veterinary Inspection that lists individual official identification.

All Cervidae must have been part of the herd of origin for at least one year or were natural additions, or must have originated from a chronic wasting disease monitored certified herd in which these animals have been kept for at least one year or were natural additions. Cervidae originating from a herd with a diagnosis, signs, epidemiological evidence, or area under quarantine for chronic wasting disease may not be exhibited. The following statement must appear on the Certificate of Veterinary Inspection:

A. CWD susceptible cervidae: "All Cervidae on this certificate originate from a chronic wasting disease monitored or certified herd in which these animals have been kept for at least one year or were natural additions. There has been no diagnosis, signs, or epidemiological evidence of chronic wasting disease in this herd for the past year."

B. Other cervidae. "All Cervidae on this certificate have been part of the herd of origin for at least one year or were natural additions to this herd. There has been no diagnosis, signs, or epidemiological evidence of chronic wasting disease in this herd for the past year."

The Decision of the official show Veterinarian will be final.

All adults involved with the youth program, leaders as well as parents, are expected to set positive examples and serve as positive role models by what they say and do. Any youth who breaks the code of ethics or allows another person (adult or peer) to talk them into violating the code of ethics agrees to forfeit all prizes, awards and premiums. The youth may also be prohibited from exhibiting at this and future exhibitions including the
Iowa State Fair and other county, state, or regional exhibitions. All youth who exhibit at the county fair or enrolled in 4-H must have an Iowa Youth Code of Ethics form signed by the parent/guardian and youth and on file at the Woodbury County Extension Office by May 15. The form is available in 4-H online when 4-H members enroll in 4-H Online at: https://iowa.4honline.com/ or 4-H members may request forms.

Youth agree to follow these guidelines:

1. I will do my own work, appropriate for my age and physical and mental development. This includes research and writing of exhibit explanations, preparing exhibits (such as sewing, cooking, refinishing, etc), care and grooming of animals, etc. Adult assistance should help guide and support me, not do it for me.

2. All exhibits will be a true representation of my work. Any attempt to take credit for other’s work, alter the conformation of animals, or alter their performance is prohibited. Copyright violation or allowing others to complete your exhibit is considered misrepresentation and is prohibited.

3. I will treat all people and animals with respect. I will provide appropriate care for animals.

4. I will present exhibits that are safe for consumption. All food exhibits will be safe to exhibit and for judges to evaluate. Other exhibits will be safe for judges to evaluate and for exhibition.

5. All food animals that may be harvested immediately following the show shall be safe for consumers, shall have met all withdrawal times for all medications, and be free of violative drug residue.

6. If any animal requires medical treatment while at the fair or exhibition, only a licensed veterinarian may administer the treatment. All medications that are administered shall be done according to the label instructions of the medication used.

7. My animal’s appearance or performance shall not be altered by any means, including medications, external applications and surgical procedures. Any animal that is found to have changed its appearance or its performance shall be disqualified from the show, and have penalties assessed against the exhibitor, parent and/or guardian by the management of the fair or exhibition.

8. I will follow all ownership and possession rules and, if requested, will provide the necessary documentation.

9. I will follow all livestock health requirements for this fair or exhibition, according to the state health requirements as printed in the premium book of the fair or exhibition. I will provide animal health certificates from a licensed veterinarian upon request from the management of the fair or exhibition.

10. By my entering an animal in this fair or exhibition, I am giving consent to the management of the fair or exhibition to obtain any specimens of urine, saliva, blood, or other substances from the animal to be used in testing. If the laboratory report on the analysis of any sample indicates a presence of forbidden drugs, this shall be evidence such substance has been administered to the animal either internally or externally. It is presumed that the sample tested by the laboratory to which it is sent is the one taken from the animal in question, its integrity is preserved and all procedures of said collection and preservation, transfer to the laboratory and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken, with the burden on the exhibitor, parent and/or guardian to prove otherwise.

11. I am responsible for my exhibit and I will not allow others to violate this code on my behalf. By my entering an exhibit in this fair or exhibition I will accept any disciplinary action taken by the management of this fair or exhibition for any violation of this code of ethics and any other rules of competition of the fair or exhibition without recourse against the fair or exhibition.

12. I want my exhibit to be an example of how to accept what life has to offer, both good and not so good, and how to live with and learn from the outcome.

13. I will not be involved in any illegal activities while participating in 4-H and FFA events, including but not limited to alcohol, tobacco or drug use.
I agree to conduct myself in an honest, ethical, and upstanding manner, and I understand that disciplinary actions will result if these rules are violated. I understand that I am expected to represent the program in a positive manner. I have read, understand and agree to follow this code of ethics, and any other rules of competition of the fair or exhibition as printed in its premium book.

Scores are posted where clubs can see their results twice each day.

Criteria score sheets are available for club leaders/families to look over so they can improve before the next judging occurs.

Stalls and pens are to be cleaned out at the close of the fair.
Premiums will be awarded to the top three clubs/groups that have four (4) or more species as follows: First $25, Second $20, and Third $10. Each club/group per species will have choice of pen location based on points for the following year.

1. All tagged lambs must be born on or after January 1, 2015, except in production yearling ewe class # 6035. All Market Lambs, Commercial Ewe Lambs and Ram Lambs must be ear tagged in the right ear and weighed in May, at the Woodbury County Fairgrounds in Moville. Date of weigh-in/tagging will be announced in the 4-H newsletter. All buck lambs for the market classes must be castrated or banded prior to weigh-in date.

2. All lost ear tags must be reported to a sheep superintendent immediately upon discovery with proof of loss or the ID tag, so re-tagging can be scheduled.

3. Each member can enroll/identify a maximum of 30 head to be identified in 4-H Online that attended a weigh-in. Production yearling, ewe tag number and information must also be included on the Sheep Identification Form or in 4-H Online.

4. Members acquiring lambs after May 15, to be shown in shows after September 1, must have these lambs ear tagged and identified no later than 4:30 p.m. on June 1. These lambs will not be eligible to show at the Woodbury County Fair.

5. All market lambs must have been shorn over the entire body. No minimum fleece length is required. An optional shearing date will be posted in the 4-H Scene. **There is no shearing allowed on the fairground from entry to end of fair.**

6. At County Fair time, each member may enter:
One pen of three market lambs
Three individual market lambs (two lambs can come from the pen of three)
Two rams lambs
Two commercial ewes
Two production yearling ewes (the yearling ewe must be a 4-H lamb that was tagged last year during the county tagging and weigh in held in May of 2014 and have given birth this year)

7. All market lambs will be weighed at entry time of the County Fair, and must have a minimum weight of 90 lbs. to be in the average daily gain class. Lambs not meeting this standard are not eligible for other Class Champion or Grand Champion placing. All lambs at time of fair weigh-in must be dry; no foreign material may be added to lamb to increase weight. The sheep superintendents will divide the entries into weight classes. Pen of Three must weigh a minimum 270 lbs.

8. The highest gaining market lambs of .75 lbs or the top 10 lambs (whichever is the smaller group) will be paraded prior to the selection of the Grand Champion Market Lamb. All market lambs are automatically considered for rate of gain; no breeding stock is eligible for rate of gain. Ram lambs shown in breeding classes cannot be shown in any market classes.

9. The Champion and Reserve Champion from each Market Lamb class will compete for the Grand and Reserve Grand Champion Market Lamb.

10. Any of the following unethical practices used at the Woodbury County Fair will be grounds for the exhibitor to be excused from the show ring by the sheep superintendents or judge. The sheep superintendents have the right to add to the list below at any time there are any other unethical practices.
   a. Slapping or hitting lambs
   b. Wetting down, icing, or painting of animals
   c. Unnatural fitting, such as the injection of any gas, solid, or liquid under the skin

   In violation of any unethical practices, one warning will be given prior to being excused from the show ring for that class.

11. All lambs must have their tails docked.

12. When showing lambs, all four feet must be left on the ground at all times.

13. Exhibitors are responsible for marketing their own lambs.

14. There has been a public health issue concerning sheep. It is called club lamb fungus and it is highly contagious to people and other sheep. Because of the fair’s attempts to keep the public health risk minimal, please inspect your animals after it has been closely shorn and see whether it has any ring-like lesions that are pale yellow and crusty. If “yes,” do not bring this animal to the fair. If you have any questions concerning whether your animal or animals may have this, please contact your local veterinarian before Fair. The animals will be inspected again at the Fair and if there are any suspicious lesions, they will be sent home. This is a public health issue and since many people come to the Fair and enjoy petting the sheep, the Fair Board and the superintendents are trying to prevent any problems to both the public as well as to the animals, and hope that all exhibitors share their concern. The veterinarian has final say on all animal health issues.

15. All reproductively intact animals (i.e. ewes, does, rams, bucks) must be tagged with the proper “Scrapie Flock I.D. Number.” Scrapie tag must be in the lamb at the spring weigh-in date.

16. Livestock/Animal Fair Entry form is due in the Woodbury County Extension office no later than July 15, 4:30 pm. Forms coming in after 4:30 pm on July 15 will make the animals ineligible to be shown at county fair. See rule # 3 under livestock general rules.

Any time after May 15 superintendents may be spot checking ear notches. Animals having fresh cut or questionable ear notches at Fair entry will be shipped with under and overweight swine at the discretion of the superintendents. The decision of the superintendents will be final.
4. Swine entered in the Pig-of-Merit class and Performance Pen of Three class must be weighed and identified under the supervision of the Swine Superintendents. Date of the weigh-in will be published in the 4-H Scene. No maximum weight for Pig-of-Merit at weigh-in. 4-H’ers and their families must handle pigs and not the 4-H Fair Superintendents at Pig-of-Merit Weigh-in. 4-H/FFA members can weigh-in eight (8) Pig-of-Merit animals per member. All ear tags lost must be reported to a superintendent immediately upon discovery with proof of loss of the ID tag so that a re-tagging can be rescheduled. No maximum weight but due to discount weight prices it is recommended pigs stay below 280 lbs.
5. On the Livestock/Animal Fair entry form (due: July 15), each member can IDENTIFY a maximum of ten (10) market pigs. Each exhibitor can enter four individual market pigs (2 barrows and 2 gilts), and may bring two (2) Pen of Three (one market pen and one Performance Pen of Three from the tagged pig-of-merit). A Livestock/Animal Fair Entry form is due in the Woodbury County Extension office no later than Friday, July 15, 4:30 pm. Forms coming in after 4:30 pm on July 15 will make the animals ineligible to be shown at county fair. See rule # 3 under livestock general rules. It is highly recommend that 4-H’ers know what class each animal will be entered in at the time of weigh in at the fair. 4-H members must have drug withdrawal, COOL affidavit form, and weigh-in form completed and turned into a Swine Superintendent before their animals can be weighed Tuesday during fair check-in.
6. Individual Market Swine and Pig-of-Merit must weigh a minimum of 220 lbs. at Fair entry. A Pen of Three must weigh a minimum of 660 lbs. at Fair entry day. No underweight pigs will be allowed to show. The superintendents reserve the right to divide classes according to weight so as to equalize classes. No re-weighs will be allowed. All pigs that are over or underweight may be shipped immediately at the discretion of the superintendents.

10. All swine that arrive at the County Fair are terminal and will be sold to a packer determined by the superintendents (see rule #15). They will also be entered in a light weight class and not be eligible for a championship.

11. Due to some packer requirements, beginning Fair weight might be used as sale weight unless otherwise notified by the Superintendents.

12. All pens should be cleaned daily.

13. In order to not jeopardize the acceptance of any and all exhibitors’ hogs brought to the Fair and then sent to slaughter, exhibitors must strictly adhere to all drug withdrawal times. Packing plants have zero tolerance for drug residues and their ability to detect drugs is continuing to improve. The 4-H Superintendents and the Fair Board want to continue to have good relations with the packing plants and do not want our hogs refused this year or subsequent years. Any exhibitor that is found not following drug withdrawal times will not be allowed to compete in any show and the animal will be quarantined at the fair until the drug withdrawal time has been met. During quarantine, the exhibitor will take care of the animal and be responsible to get the animal to slaughter following quarantine, as well as to clean the premises where the animal was kept.

14. NO oil or foreign spray may be used to cool animal. Only water may be used. Superintendents have the right to disqualify any animals and the exhibitor.

15. The Woodbury County 4-H Swine show will be a terminal show. 4-H Swine superintendents will make arrangements for a trucker to take animals to a packer. Exhibitors will have the option to take their animal(s) to a locker of their choice for slaughter the Monday after fair, at their own arrangement and expenses. The exhibitors who take their animal(s) to a locker will be required to show a receipt from the locker. Clover Kids members will receive a participation ribbon(s) on their exhibits.

1. 4-H members and Clover Kids members must purchase a $2.00 Youth Exhibitor Ticket. Each club is responsible for checking in the exhibits according to the club time schedule and for removing their projects at the close of the fair. Exhibits will be released at 4:00 p.m. Sunday of the Fair. Also see rule #19 in this section.

2. Eligible exhibits are an outgrowth of work done as a planned part of the 4-H’ers participation in 4-H projects or programs during the current 4-H year. Exhibits can be done by an individual or group and may represent all or part of the learning in the project or program. 4-H Participants in 4-H special interest and school enrichment programs and/or 4-H community clubs in grades 4th -12th, or equivalent, are eligible to exhibit.

3. A written explanation, audio recording, or video recording is to be included as part of each exhibit. The 4-H’er will be responsible for bringing the equipment needed for their exhibit to be viewed by the 4-H Judge.

4. The exhibitor should respond briefly to the following questions about the exhibit:
   - What did you plan to learn or do? (What was your exhibit goal(s)?)
   - What steps did you take to learn or do this?
   - What were the most important things you learned?

Complete information on what the 4-H’er needs to do to prepare their exhibits for fair is on the following website: http://www.extension.iastate.edu/4h/projects and select Exhibit.
Tip Sheets. Exhibits in Home Improvement, Visual Arts, Clothing and Sewing will need to include design elements and art principles. Photography exhibits will need a photo label. 4-H members who do not have internet access can get the information from their 4-H leader or the Woodbury County Extension office. Design Elements and Art Principles: 4-H members will need at least 3 design elements and/or art principles that the 4-H’er must include in their write-up/goals for visual arts, home improvement, and clothing and sewing/needle arts.

5. If the exhibitor chooses a display to illustrate what was learned:
   - Posters may not exceed 24” x 36” in size.
   - Chart boards, graph boards, project presentation boards, model displays, etc., may not exceed 48” x 48” in size. Maximum size is determined by measuring the flat (unfolded) dimensions.
   - Display boxes may not exceed 28” x 22” in height or width and 12” in depth.

6. The 4-H’er’s goal and applicable exhibit standards will form the basis of the evaluation process. Evaluation criteria will include demonstrated learning, workmanship and techniques, and general appearance and design. Exhibitors will receive written evaluation comments on the exhibits and a blue, red, or white or an Iowa State Fair exhibitor’s ribbon. Refer to exhibit class evaluation for detailed evaluation criteria in each class. Exhibit Tip Sheets and 4-H Hot Sheets are located at:
   http://www.extension.iastate.edu/4h/projects

7. 4-H clubs are strongly encouraged to have Food & Nutrition, Textiles & Clothing, Home Improvement, Child Development, Photography, and Visual Arts exhibits evaluated at local achievement shows. Achievement shows will help the 4-H member decide correct classes, goals and give an opportunity to experience conference judging before fair.

8. 4-H Building Entry forms must be brought with 4-H exhibits on Monday, August 3, 2015 judging day. 4-H exhibits will be judged in the Varied Industries Building located on the fairgrounds.

9. 4-H Exhibitors and the general public are reminded to stay out of the 4-H booths and State Fair booth once decorating is finished. Anyone wanting to see an exhibit more closely please ask the 4-H Superintendent on duty to assist you.

10. Entry hang tags must be on exhibit and the hang tag attached before the exhibit can be judged. Entry hangtags must be securely fastened to each exhibit. It is important that this is done beforehand. Hang tags are available from your 4-H leaders. Hang tags will not be available at the fair (the hang tag is not available on the web). 4-H’ers need to plan ahead and ask for hang tags from your 4-H leader or pick up from the Woodbury County Extension Office.

11. The grade the 4-H’er has completed will determine which color tag is used:
    - Completed 4th grade and Clover Kids in grades K-3rd – Blue Tag
    - Completed 5th – 12th grade – White Tag

12. Exhibits will be judged on Monday, August 3, 2015, in the Varied Industries Building located on the fairgrounds. A conference-judging schedule will be published in the 4-H Scene. Conference judging means that the member takes his/her exhibit to the judge of that department and discusses the exhibit and the member’s learning in a two-way conversation. The judge then makes the decision on the ribbon placing. 4-H clubs must be judged at the assigned times. Each club will be given a color wristband for each member and the time for their conference judging on the day of judging. If the 4-H member has a large number of exhibits or will not be able to be judged at the assigned time, that 4-H member will need to contact the General 4-H Building Superintendent before fair judging day. 4-H members who do not come at their assigned time and/or did not have prior approval will have to wait until their judging time or if late will be judged as time allows. All exhibits will be judged. It is important that clubs adhere to the judging schedule so that judging runs smoothly throughout judging day.

13. Premiums will be awarded to exhibits in the 4-H Building on the basis of Blue -$3.00; Red - $2.00; and White - $1.00. 4-H members who receive a merit ribbon in lieu of a blue ribbon will receive a blue ribbon premium. Premiums will not be awarded to

An exhibit may be dropped one ribbon placing by the judge if the class requirements as stated in each class description are not fulfilled. Merit ribbons and grand and reserve champion ribbons do not receive additional premium money. Judges will select exhibits showing good use of resources, including time, energy, skills, and money to receive Resourcefulness Awards (special stickers). No additional premium money will be awarded for resourcefulness awards.

14. Endangered and threatened plants and animals (includes insects) must NOT be used in any exhibit. Wildflowers taken from parks must NOT be used. It is illegal to possess songbird feathers or nests. Game animals “legally taken”, such as pheasant, goose, duck, or quail are acceptable. Other dried established noxious weeds are acceptable to use in exhibits.

15. Duplication of copyright material or design should not be used in a 4-H exhibit that is presented as original work by the exhibitor. A copyright design cannot be displayed in a public setting (fair) without permission being granted from the owner of the copyright. When the owner of the copyright has granted permission, the exhibit will be displayed and labeled appropriately. Those without permission cannot be displayed. 4-H’ers must ask for permission before fair or will be dropped one ribbon placing. The 4-H Clover is a protected emblem. 4-H’ers can include the 4-H clover, but do not copy/print other material over the clover. 4-H Clover must have “18U.S.C.707” in lower right of clover. Exhibits that do not comply with the class description, size guidelines, copyright restrictions, safety and approved methods will be disqualified and not put on public display.

19. Penalties for unexcused removal of exhibits from the fairgrounds include ineligibility to show at any shows during the remainder of this fair and ineligibility to exhibit in the county fair next year. This is a violation of the Code of Ethics and applies to all the 4-H member’s entries.

4-H Horticulture (County Only Classes)

1. See 4-H Building General Rules and Regulations.
2. General Rule #4 on written goals does not apply to exhibits in the Horticulture Department.
3. Specific exhibit guidelines are listed in ISU Extension bulletins for horticulture exhibits. Exhibitors should follow these guidelines – vegetable requirements are in 4-H-462 and cut flowers and houseplants guidelines are in 4-H-464. The vegetable form is available at the following website: http://www.extension.iastate.edu/woodbury/4h. Or check out the Exhibit Tip Sheets located at http://www.extension.iastate.edu/4h/projects. This site includes information on vegetables and videos on how a judge evaluates. Always consult our fairbook for the number of specimens needed as sometimes it is not the same as the extension publications.
4. The number of vegetables/fruit in each exhibit is stated in this fair book and exhibitors are expected to show only that number. If any other number is on a plate, the exhibit will be dropped one (1) ribbon placement.
5. Members are limited to one exhibit per class, with a maximum of five entries total in the horticulture department.
6. 4-H Building Entry Form must accompany horticulture exhibits when they are judged on Monday, August 3, 2015 (4-H Building Judging Day).
7. Exhibitors are expected to know the variety (cultivar) of each item and to have the variety (cultivar) written on the hangtag. (Example: Green Comet, Broccoli)
8. Specimens must be displayed on a sturdy disposable plate and re closable plastic type bag when possible. All specimens of each entry shall remain on the plate during the fair in the club booth.
9. All fruit and vegetable exhibits should be displayed on a small plastic/polystyrene plate with twist ties for attaching hangtags. Plates and twist ties need to be provided by the exhibitor. Hang tags should be attached to plates with twist ties through a pre-punched hole in the plate.
10. All entries must have been grown during the current growing season. Exception: The class Garden Ideas and Houseplant classes do not need to be grown during the current season.
11. Vegetables that are damaged or spoil during the fair will be disposed of at the discretion of the Superintendents.
12. A grand and reserve grand ribbon will be awarded in each division if the exhibits are worthy. Divisions include Garden Idea, Variety Garden Display, Vegetable Classes, Fruit and Nut, House Plant and Cut Flowers.
13. Exhibits in the 4-H Horticulture department are not selected to go on to state fair. If the 4-H’er would like an exhibit considered for state fair the exhibit, especially in class #150, the 4-H’er may want to enter that exhibit in Class 10203. If a 4-H’er wants to exhibit actual vegetables at the Iowa State Fair those entry forms are due July 1. To exhibit at State Fair a 4-H’er must be in 5th - 12th grades. State Fair
4-H information is available at the following website: http://www.iowastatefair.org/

### 4-H Horticulture County Only Classes

#### 150. Garden Idea
An exhibit that shows and explains an idea learned from participating in a garden project, such as new cultural practices, differences in cultivars (varieties), preservation ideas, etc. Actual specimens of garden produce may or may not be included. If vegetables are included, the variety (cultivar) must be listed on an attached card or in a folder. Specimen may have been grown previous season and dried to prepare it for this exhibit – if it is used in its dried stage, an explanation must be attached and picture would be helpful. If the 4-H’er would like an exhibit considered for state fair the exhibit, especially in class #150, the 4-H’er may want to enter that exhibit in Class 550.

#### 151. A Variety Garden Display (also known as a vegetable basket display). This exhibit must include five or more different vegetable crops grown in the exhibitor’s home garden. More than one variety, but not more than four of a particular crop can be displayed. However, they will count as only one crop. Any decorative basket or box, not larger than ½ bushel in size, can be used. The variety garden display will be judged 75% for the cultural perfection of the vegetables and 25% for the decorative arrangement. For the benefit of an educational value for the viewing public, a file card must accompany the exhibit with each crop clearly labeled as to the variety (cultivar).
